CRACKING THE PARTY WHIP

REPUBLICAN GANG WORKERS BUSY ALL DAY SUNDAY.

CONSTERNATION IS COMPLETE

ANYTHING AND EVERYTHING IS BEING PROMISED.

BUT THE PEOPLE ARE WISE

They Will Not Be Fooled and Are Flocking Around the Municipal League Banner—Telegraph Has One More Wail Coming. It's Mud In Ready.

In consternation as a result of the tremendous progress of the Municipal League movement, as shown by the enthusiasm of the monster mass meeting in Temple theater Saturday night, the Republican gang machine is making every effort to regain lost ground.

The ringleaders are cracking the party whip as never before; the workers are leaving no stone unturned in the attempt to "swing" Municipal League votes into line. Anything and everything is promised for votes. All day yesterday the gang workers were busy in every part of the city.

Private reports of the Republican gang canvassers to the bosses at headquarters have so disconcerted them that rush orders have been sent out to corral votes through any pretense. Promises are being made without limit. The gang pledges are so ridiculous that they defeat their own ends through sheer lack of logic.

Vilification and Abuse.

Realizing that defeat at the election tomorrow means the end of gang rule, the machine politicians, backed by the corporations and the "barrel," are putting up the fiercest fight in the history of the city. Vilification and abuse of the Municipal League candidates, combined with lying promises for support of the gang, compose the campaign of the Republican gang leaders.

It is understood that the Telegraph, which makes its final gasp in extermination of the gang machine this afternoon, has a big roorback to spring. Like the scolding housewife (not the prudent housewife of the Heizerian variety) who, while her husband was drowning her for making faces at him, put her hands above water in a last mocking gesture, the Telegraph will come out with its expiring effort. Mud, abuse, distorted facts (?) and the usual ingredients which compose the utterances of the "continuously and uninterruptedly Republican newspaper," are expected in its last mixture of misinformation.

Lighting Plant Proposition.

Registered voters who paid a property tax to the county treasurer in 1906, either on personal property or real estate, are entitled to vote on the question of issuing $150,000 in bonds for the construction or purchase of a municipal electric lighting plant. This is in accordance with the opinion of G. M. Irwin, acting city attorney during the absence of W. J. Robinson, which was written at the request of City Clerk K. M. MacMillan. The treasurer will furnish the election judges of each precinct with a list of all the registered voters in the city who paid taxes last year, but to prevent possible disfranchisement on this important question, taxpayers should bring to the polls their tax receipts for last year. These receipts will be evidence of the holder's right to vote on the bond issue question, providing he is a registered voter.

Vote for Bond Issue.

In accordance with the statute on the subject, two propositions relating to the proposed municipal lighting plant will be voted on tomorrow. One is for or against "creating a debt by issuing bonds of the city in an amount not exceeding $150,000 for the purpose of the purchase or construction of a plant to supply electric lights." The other is for or against "the purchase or erection of electric light works." Both bear on the same subject and taxpayers must vote the two slips FOR the respective propositions, in order to authorize the issuance of the bonds and the purchase or construction of the plant.

Care must be taken with regard to the slips at the election booths. An attempt may be made by the Republican gang judges, who are strongly in favor of the Colorado Springs Electric company, and therefore opposed to the issuance of bonds for a municipal plant, to force on the voters slips recording his vote as AGAINST the bond issue. Carefully examine the slips, and, if in favor of a municipal bond issue, vote both slips FOR the two propositions.

GROVER EXPRESSES THANKS

Ex-President Cleveland Is Grateful for Birthday Remembrances.

PRINCETON, N. J., March 31.—Former President Cleveland has furnished the following to the newspapers and requested its publication:

"It seems to be impossible for me to acknowledge, except through the press of the country, the generally and kindly consideration of my countrymen, which have been made manifest by congratulatory messages and newspaper comment on the occasion of my 70th birthday. These have deeply touched me and in the book of grateful recollection they are written where every remaining day of my life I can turn a page and read them."

SENATE RUSHES LEGISLATION

GENERAL HOUSE-CLEANING IS IN PROGRESS.

ACTIVITY AT CLOSE OF SESSION

LONG LIST OF IMPORTANT BILLS PASSED.

NO NORMAL FOR DURANGO

Present Legislature Has Redeemed Many Pledges Made by Party, but Only Under Strong Pressure From Chief Executive of State.

Special to The Gazette.

DENVER, Colo., March 31.—No busier body of men ever existed than the senate for the past two days. At last the policy of delay has been abandoned for one of rush. The body was kept in session until nearly 4 o'clock this morning, passing house bills on second reading, and generally clearing up the calender so that the results would show up large. After the exasperating delays that kept on tenterhooks those who wished to see something of importance accomplished, the change has been a most welcome one. After all the Sixteenth general assembly, which has been misnamed the "Silly" by its enemies will have accomplished as much as any that ever sat in the state house. Nearly every pledge made by the platform of the dominant party has been fulfilled.

Important Legislation.

Among important matters of legislation that have been accomplished are the following:

Pure food law.
Railroad commission law.
Civil service.
Banking commissioner.
Antisaloon territory law.
Cut off salaries of board of control of state institutions.
Reduction in the fee evil.
Reductions made in the pass evil.
Meat inspection.
Issue of bonds for insurrection indebtedness.

Matters that are likely to be made law tomorrow:

Codification of the school law.
Inspector for building and loan associations.
Issue bonds for payment of old state warrants.

In addition to these are a hundred other matters of correction and addition to present statutes that have been saved from legislature after legislature. Heretofore the matters have been usually laid over for the next assembly to consider. By doing this the members dodged responsibility and added burdens to the legislatures to come. A general cleaning up has been needed for many years, and this is what the present body has sought to accomplish.

The house was not in session today, having completed all second readings on senate bills. The calendar of third readings for tomorrow is a lengthy one, but can be easily gotten out of the way in the time given.

Senate Is Busy.

The senate remained in session until nearly 5 o'clock this morning, the normal school bills and the proposed codification of the school law keeping the members in their seats. At the close the school law was given a favorable recommendation by the committee of the whole, but its enemies succeeded in preventing an adoption of the report of the committee. Until the report is adopted the bill is not safely past the second station. During the night the senate passed the bill to submit a constitutional amendment for the issuance of bonds to pay off the legal state warrants issued from 1887 to 1897.

The senate resumed its session at 3 o'clock this afternoon. The first business was the reading of a long journal, so that at about 4 o'clock the senate went into the committee of the whole. The first bill to come up was that providing for a normal school at Durango. About half of the time of the last ten days was spent in killing a senate bill providing for a normal school at Trinidad. The Durango bill reopened the old fight, though it was agreed by all those who spoke that objections would be futile. Still there was a chance for the minority to kill

AMBASSADOR'S HOME ABLAZE

Fire Almost Destroys Palace Occupied by Lloyd C. Griscom at Rome.

ROME, March 31.—While Lloyd C. Griscom, the American ambassador, and Mrs. Griscom, were returning from the Easter services at the American church today, they saw smoke arising from the roof of their home, the Palazzo del Drago. Mr. Griscom hurriedly entered the building and found the servants were unaware that the palace was on fire. The ambassador led the way to the attic. Flames burst forth as he opened the door and burned his hands and singed his eyebrows. When the firemen arrived the beams, which were put in place centuries ago, were burning briskly. The roof over the attic collapsed, causing the center portion of the ceiling of the magnificent ballroom to fall. The furniture and paintings were quickly removed, but not before several of the latter, notably one of President Roosevelt, were damaged.

After working two hours the firemen succeeded in checking the blaze. The loss is estimated at $10,000 and is covered by insurance.

But Alas! They Will Never Hatch.

WAS IT MR. HOLLAND?

COUNTY REFUSED TO LOAN BALLOT BOXES TO CITY.

But Denver Was Glad to Do It, and Vote on Bond Issue Will Be Legal.

R. L. Holland is attorney for the Colorado Springs Electric company. R. L. Holland is county attorney of El Paso county, and adviser to the county commissioners.

These two positions can seldom be filled with impartiality by one man. An instance of the gang tactics which underlie all of the movements of the Republican office holders owing allegiance to the machine is shown in the refusal of the board of county commissioners to loan the county ballot boxes to the city of Colorado Springs, for use in the election tomorrow. As a result of the surprising attitude of the commissioners, the city was obliged to borrow 58 ballot boxes from the city of Denver. That city gladly loaned the required boxes, but this city is out the express charges both ways, which amounts to no small sum.

The city of Colorado Springs owns 29 ballot boxes, which have been sufficient for all city elections heretofore. Owing to the two municipal lighting plant propositions, two additional ballot boxes will be required in each precinct, making 87 in all, or three in each of the 29 precincts.

The Colorado Springs Electric company, it is thought, fearful that the taxpayers will vote to issue bonds for the purchase or construction of a municipal plant, tried to keep the city from using the regulation boxes for these ballots, as required by the statute. After the issuance of the bonds was authorized, it is understood, the company intended to contest the legality of the vote, on the ground that regulation ballot boxes had not been used.

When the city first requested the loan of the county ballot boxes, reply was made that there would be no trouble about the matter, etc. Finally, however, the board of county commissioners flatly refused to lend the boxes to the city. A rush message was sent to the officials of Denver, who kindly loaned their ballot boxes to the city.

R. L. Holland, attorney for the Colorado Springs Electric company, R. L. Holland, county attorney of El Paso county. Is not this the explanation of the unprecedented action of the county commissioners? If the city of Denver can lend its ballot boxes to the city of Colorado Springs, sending them a distance of 75 miles, why can not the county of El Paso accord this city the same courtesy, especially in view of the fact that the boxes are within a stone's throw of the city hall?

TRAMPS IN SHOOTING FRAY

Pair of Hobo Kill Partner and Are Themselves Wounded in Pursuit by Posse.

PORTLAND, Ore., March 31.—A special to the Oregonian from Woodland, Wash., says that James Foster, said to hail from Cleveland, O., was shot and killed by Tom Baxter or his son George, and that George Baxter lies probably fatally wounded and Tom Baxter slightly hurt by shots from a posse. The three men are tramps who have been peddling cheap articles of jewelry. Foster's dead body was found near a freight car and, after a search, the Baxters were found hiding inside the car. The Baxters jumped from the car and ran. Shots were fired at the fugitives.

HARRIMAN WANTS TERMINALS

Big Land Deal for New Road to Warrenton.

PORTLAND, Ore., March 31.—The Oregonian today says that the sale of between 400 and 500 acres of land lying along Youngs bay, near Astoria, Ore., is being closed and the purchasers are believed to be the Harriman interests. The price to be paid is approximately $700,000. It is understood that the property is for deepwater terminals for the Pacific Railway & Navigation company, the Lytle road now building from Hillsboro to Warrenton and Seaside.

HE IS A TAX PAYER

OWNS A STOCK OF GOODS WHICH IS ASSESSED.

Telegraph Fails in Its One and Only Hope of Disparaging Municipal League Candidate.

The organ of the Republican machine has tried to make much political capital out of the fact that K. M. MacMillan, Municipal League candidate for mayor, recently disposed of his property, on which he has paid taxes for 16 years. The Telegraph went so far as to claim that Mr. MacMillan can not vote on the bond issue proposition "because he is not a taxpayer."

In the first place, had Mr. MacMillan sold his property outright, the fact that, for the first time in 16 years, he would not have been a taxpayer, should not militate against him. But he exchanged the real estate for a stock of merchandise, ON WHICH HE WILL PAY A PROPERTY TAX THIS YEAR.

This renders him a continual taxpayer for 17 years, counting this year's assessment. Mr. MacMillan disposed of his real estate last November, and could not by law pay the taxes thereon until January 1, 1907, although the taxes were assessed against him, and he was obliged to pay them in his accounting with the new owner of the property.

Even the venomous tongue of the gang organ was unable to find anything discreditable in Mr. MacMillan's career, either private or public, and the gang sheet despaired of successfully attacking him.

Finally, learning that Mr. MacMillan disposed of his property last year, and although fully aware that he has been paying taxes into the treasury during many of the years when the gang administrations were pilfering it, the Telegraph rushed into print with an announcement that he is not a taxpayer.

HOLBS RAILWAY RESPONSIBLE

Court Awards Damages for Death of Express Messenger on Grounds of Excessive Speed.

ST. LOUIS, March 31.—A decision was handed down in the United States circuit court of appeals today, written by Judge Hook, affirming judgment for an award of damages against the Chicago & Northwestern Railroad company for the death of an express messenger, killed in a wreck, and holding that excessive speeding of railroad trains is dangerous. The case was that of Mrs. Mary O'Brien of Cascade, Ia., suing as administratrix of the estate of her son, James J. O'Brien, who was killed in a wreck at Boone, Ia., on August 1, 1899. The jury of the lower court awarded the plaintiff $5,250 damages.

The decision in affirming judgment, sets forth that the evidence supported "the conclusion that the train was being negligently operated in view of the unusual and excessive speed."

It was shown in the evidence that the train's schedule was forty-five miles an hour.

CHICAGO CONTEST HOT

TRACTION FRANCHISE IS ISSUE IN WINDY CITY.

Both Sides Confident of Victory. Republicans Indorse Adoption of the Tramway Agreement.

CHICAGO, March 31. Chicago will hold its election on Tuesday. The issue between Fred A. Busse, the postmaster and Republican candidate for mayor, and Mayor Edward F. Dunne, Democratic candidate for reelection, is complicated by a referendum on the traction question. The traction ordinance which was recently passed by the city council over the veto of Mayor Dunne, provides for the issue of twenty year franchises but stipulates that the city shall have the right of purchase on giving notice of such intention. The ordinance is to become effective only after they have been indorsed by public referendum. The Republicans favor the adoption of the ordinance, while the Democrats oppose such indorsement and advocate assertion of the city's rights of eminent domain, the condemnation of the street car properties and municipal ownership. The campaign has been a heated one.

Victory for both Dunne and Busse is confidently predicted by their respective managers tonight.

James Reddick, chairman of the Republican county committee, says:

"All the indications favor the election of Fred A. Busse. The Republicans have made a clean campaign and will win. It is my judgment that the total vote of the city will be in the neighborhood of 345,000. On that basis I estimate the mayoralty vote will be divided as follows: Busse 175,000; Dunne 140,000; Socialists and Prohibitionists 30,000. This would give Busse a plurality of 35,000."

W. L. O'Connell, chairman of the Democratic county central committee and manager of the Dunne campaign says: "Mayor Dunne will be re-elected by from 25,000 to 35,000 majority. We have been gaining rapidly in the past week. Mayor Dunne is strong because of the enemies he has made. All good Democrats will rally to his support and he will get an immense independent vote."

Sunday Meeting Held.

Today, in spite of the fact that it was Easter Sunday, witnessed little relaxation in the efforts of the party leaders in the fight for the first four-year mayoralty term. A score or more of meetings were held in various parts of the city, by each of the big parties, while the Prohibitionists and Socialists were no less active in proportion to their strength. The Republican and Democratic managers tonight were even more sanguine of success for their respective candidates than they were twenty-four hours previously, and both sides claimed a probable plurality of from 30,000 to 40,000. Meetings are scheduled for tomorrow and almost up to the last hour before the polls open on Tuesday morning.

STILETTO FIEND KILLS EIGHT

Desperate Russian Slaughters Relatives and Friends by the Wholesale.

ALEXANDROPOL, Russian Armenia, March 31.—A series of brutal murders was perpetrated here today by a man named Karapetyants, who lately had been without employment, and was refused further board and lodging in the home of a married sister. Karapetyants, with a stiletto, fatally wounded his sister, killed her husband, mortally wounded a nephew and nieces, killed a neighbor, who answered their cry for help, and mortally wounded the wife and mother of this neighbor. Then he committed suicide.

SPENDS EASTER IN THE TOMBS

EVELYN NESBIT THAW SHARES HER HUSBAND'S CELL.

FINDS HARRY VERY CHEERFUL

HE EXPECTS FREEDOM BEFORE NEXT SUNDAY.

DEFENSE IS WELL SATISFIED

Hartridge Says No Alienist Experts Will Appear for Thaw Before Commission—Thaw Hopeful for the Early Resumption of Trial.

NEW YORK, March 31.—Easter Sunday for Harry Thaw in the tombs was made more cheerful by a visit from his wife, to whom had been granted a special permit to pass the afternoon with her husband.

When Mrs. Thaw left, she spoke for the first time since the tragedy last June to reporters.

"Harry grows more cheerful and satisfied with the way his affairs are progressing every day," she said.

"Like all the rest of us, he is perfectly confident that the commission will find him sane and that the trial will go on. He even talked today of being free next Sunday, and planned how we would dine together."

Thaw attended the Easter service conducted by the Rev. Dr. Sanderson in the morning. None of his counsel visited him during the day. He will consult with his lawyers tomorrow as to probable developments before the commission Tuesday, which convenes at 10 o'clock.

Confers With Attorney.

Tonight, Clifford W. Hartridge, the attorney of record in the Thaw defense, spent about 40 minutes with his client in earnest consultation.

He let it be inferred later that he was well satisfied with the showing made by his client before the lunacy commission and that the resumption of the trial was practically certain.

"The defense will offer no witnesses before the commission," said Daniel O'Reilly, who has charge of the practical end of the Thaw case.

"No alienists will be called to testify to the present mental condition of the defendant, although the district attorney has the promise of the commission to hear his witnesses on three points. Doctors Gregory, Pilgrim and White, who were witnesses for the defense, will not be called, because their affidavits were not filed with the affidavits of the other experts.

"It is probable Dr. Hamilton may be excluded entirely, not because he declines to waive his professional privilege, but because what he could tell would be too remote to determine the present condition of this defendant. The last time Dr. Hamilton had an opportunity to make an observation of scientific value was in July, 1906."

MANSFIELD VERY SICK MAN

Famous Actor's Life Is Hanging in the Balance.

NEW YORK, March 31.—The condition of Richard Mansfield, who is suffering from nervous prostration, was less satisfactory tonight. Dr. Crandall, who was hastily summoned, advised that a consultation of physicians be held tomorrow.

Asked if there was immediate danger, Dr. Crandall said there was not, but added that the actor was a very sick man.

"There is a possibility of his succumbing—very grave possibility," he said, "but we all hope we shall be able to pull him through."

MOB LYNCHES NEGRO

Body Riddled With Bullets While Hanging on Derrick.

DURANT, I. T., March 31.—Jim Williams, colored, charged with attacking Lillie Mizener, white, near Colbert, I. T., Saturday afternoon, was lynched at Durant tonight by a mob of a thousand people. Williams was hanged to an oil derrick and his body riddled with bullets. Deputy United States marshals and local officers pleaded with and threatened the mob, but to no avail. The girl identified Williams.

KILLS EASTER PICNICKERS

Train Hits Buggy With Merrymakers and Four Occupants Are Dashed to Death.

KANSAS CITY, March 31.—Four persons in a buggy—two men and two women—were instantly killed late this afternoon at the Fifteenth street crossing of the Chicago & Alton railroad, two miles east of this city, by the Alton Red Flyer, westbound from St. Louis.

The dead:

GEORGE HENRY, aged 53, and his wife, aged 30.

D. H. MONNER, aged 30, and his wife, aged 40.

The men were salesmen for local mercantile houses.

The two couples were returning from a Easter picnic in the country.

BRUSSELS, March 31.—Captain Michael and Major Lefebre have been appointed Belgian military delegates to the Jamestown exposition and will sail for New York April 6 on board the steamer Friesland.

LIMITATIONS IN ARMAMENT

ENGLAND WANTS REST IN WAR PREPARATION.

TO DISCUSS PROJECT AT HAGUE

HARMONY IS WATCHWORD FOR CONFERENCE.

UNITED STATES IN ACCORD

Proposal to Set Bounds for War Expenditure Meets With Approval of All World Powers, but Russia Has Made No Announcement.

LONDON, March 31.—Great Britain has made a formal and official request upon Russia to include in the program of the next Hague conference the question of the limitation of expenditure on armaments and has notified the powers invited to attend the conference of this action. This was done some days ago, and up to the present the foreign office has not been advised of any opposition to Great Britain's proposal. Neither has Great Britain learned the nature of the negotiations in St. Petersburg between the ambassadors of Germany and Austria and Emperor Nicholas, but is is believed these exchanges had to do with the form of disarmament that should be introduced. The reports emanating from the continent that Great Britain and the United States would withdraw from the conference if their wishes to discuss the limitation of armaments were not complied with and that Germany and Austria would follow a similar course if Russia included this question in the program are stigmatized by officials of the foreign office as pure inventions.

Harmony Is Probable.

"That any power would thus break up the conference, which doubtless will render much good to the cause of humanity because all its wishes do not meet with favor, is incredible," said a foreign office official today. Great Britain, supported by America, Japan and Italy, will continue to press her point with every confidence in a successful outcome.

Americans Optimistic.

WASHINGTON, March 31.—Based on concise and accurate reports from its representatives in the European capitals upon the progress of the negotiations relative to the subjects to be considered at the second Hague conference, state department officials have reached the conclusion that there is no reason to apprehend a failure of the great international gathering.

A program has been arranged, with the assent of every power of importance, that deals with topics of the greatest value to mankind. Most of the subjects are legacies from the first conference—matters which from lack of time or because the delegates at that conference were not empowered to treat—were by resolution, left to be dealt with by a second conference. Others were the outcome of the sanguinary wars that have occurred since the first conference. These subjects proposed by Russia last June were accepted as a definite program for consideration by all of the nations addressed.

Benefits Expected.

If nothing were accomplished at the second conference than action upon these propositions, the gathering surely would result in great benefit and it is entirely within the power of the conference to limit its scope to such a program. But to allow for the development of new conditions a paragraph in the call for the second conference provided that new topics might be considered if a majority of the delegates present at the second conference, by vote, express a willingness to do so.

Limit Armaments.

Great Britain wishes to avail of this condition to discuss a limitation of national armament, and America to urge the adoption as a rule of international law, of the Drago doctrine prohibiting the use of force by any nation to collect international debts. Both are controversial subjects and to reduce possible friction, the Russian government has been sounding other governments to develop their attitude, with results that are not wholly encouraging as to the reception that will be accorded these propositions. Great Britain's present naval predominance and the fact that European nations are generally creditors, have proved to be grave obstacles. The second conference will assemble and discuss, with beneficent results, the subjects already accepted as its program.

WILL OPEN RAILROAD SOON

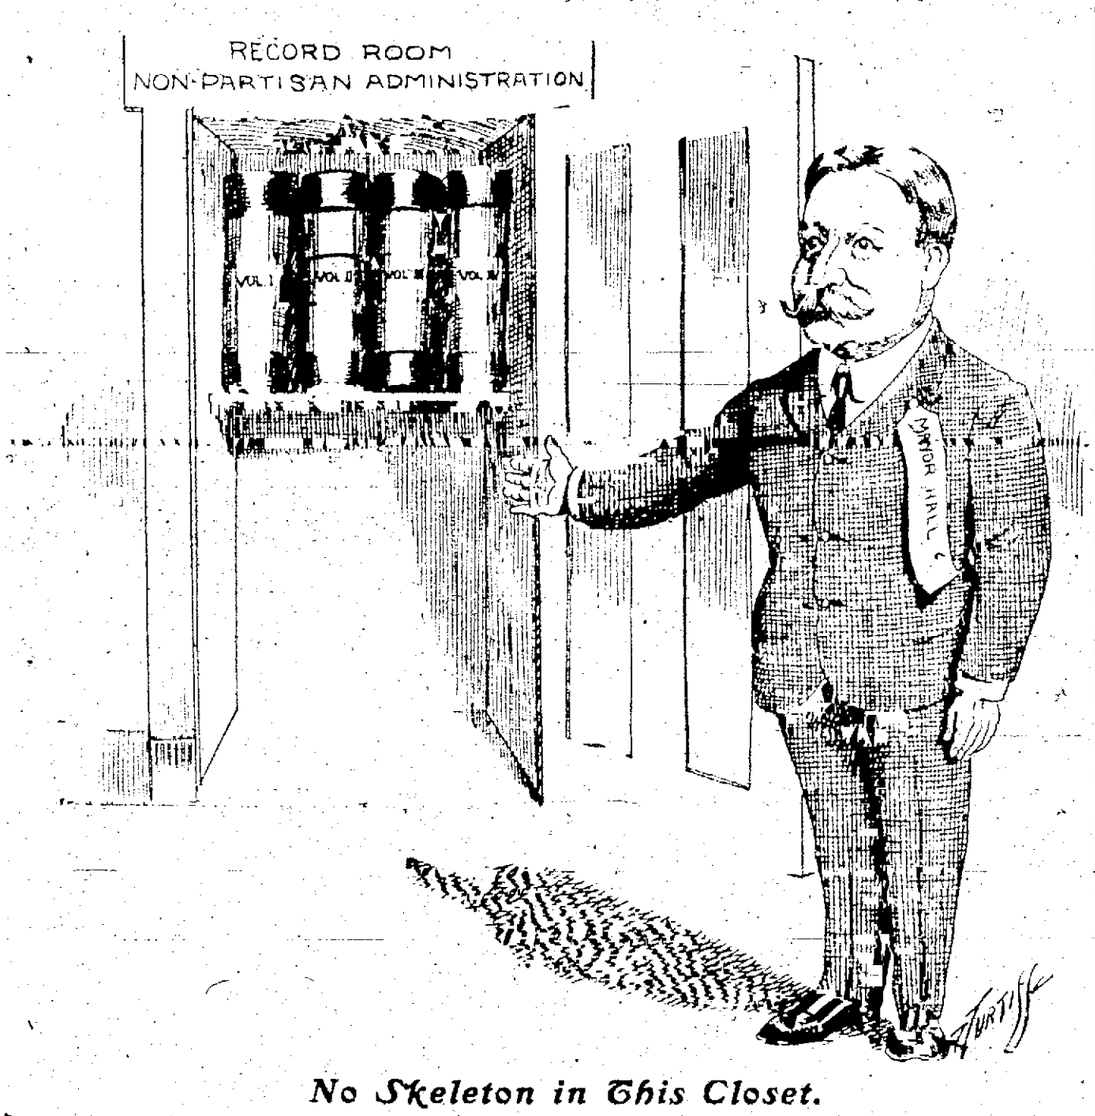

Reconstruction on Salt Lake Line Nearly Completed.

LOS ANGELES, Cal., March 31.—Officials of the Salt Lake road expect to have the road open for through traffic by April 10. The expectation is based upon a message received today from General Manager R. E. Wells, who has charge of the reconstruction work at Meadow Valley, Washington, Nevada, the scene of recent extensive washouts.

DEATH OF ELECTRIC PIONEER

PORTLAND, Ore., March 31.—News was received here today from Atlantic City, N. J., of the death from pneumonia of Henry W. Good, president of the Portland Railway, Light and Power company. Mr. Good was sick but four days. He left Portland about 30 days ago on a business trip to New York and Philadelphia.

USE CARE IN VOTING

DON'T MAKE A MISTAKE IN MARKING YOUR BALLOT.

Write "Municipal League" in Blank Space at Top—List of Polling Places and Judges.

Municipal League voters are cautioned to exercise care in marking their ballots tomorrow. Many votes are sometimes thrown out as a result of careless marking.

Write plainly the words "Municipal League" on the blank space at the top of the ballot. This is a vote for every candidate on the Municipal League ticket. If you have voted a straight ticket by writing the name of your ticket on the blank space above, and place a cross opposite any name on the list below, such cross will be counted for that candidate, and the vote cast for the candidate on the straight ticket for the same office will not be counted.

In the published list of polling places, an error was made in the voting place for Ward 3, precinct 3. This is at 315 East Monument street, instead of 115 East Monument, as announced.

In the following list of polling places and election judges in the various precincts, some of the candidates for election are given as judges. Candidates cannot act as election judges, according to the law, and the two other judges in those precincts where this occurs will select a substitute before opening the polls at 7 o'clock tomorrow morning.

Following is the official list of voting places and election judges:

WARD 1.

UNION MILL CLOSES DOWN

Golden Cycle Plant Running at Full Capacity.

The Union reduction works, owned by the American Smelting and Refining company, at Florence, shut down Saturday as the result, it is said of competition with the Golden Cycle mill at Colorado City. The Union mill was receiving five cars per day of Golden Cycle mine ore until a few days ago, when the new Golden Cycle mill at Colorado City began steady operations. The mill at Colorado City has recently been completed and operations started.

ELECTON SUPPLIES ARE READY

Extra Clerk Will Take Charge of Ballot Boxes for Votes on Bond Issue.

The city clerk's office has been rushed with work during the last few days, owing to the various election supplies which have been received and sorted, ready for distribution among the election judges in the city precincts today.

The judges will receive their supplies at the clerk's office today and will get the registration books from the county clerk. An additional clerk will be appointed in each precinct by the three election judges to take charge of the ballot boxes for votes on the proposed municipal bond issue. This clerk must be a registered voter in the precinct in which he is appointed.

This election is the first in the history of Colorado Springs in which three regulation ballot boxes are used in each precinct. One is for the election and the other two for the bond issue vote.

For the first time in twenty years Colorado Springs has had an administration conducted on business principles. Why? Because it is made up largely of men chosen for fitness rather than for political reasons. Isn't this a good kind of government to continue?

ELECTION BULLETINS

GAZETTE WILL KEEP PEOPLE POSTED ON RESULTS.

Will Throw Returns on Screen and Supply Latest Information to Theater and Clubs.

Complete election returns will be thrown on a screen in front of The Gazette office tomorrow night. The Empire theater and the various clubs of the city will also be supplied with election bulletins from The Gazette, which will be announced as soon as received.

The Gazette's regular staff of reporters and a special corps of messengers will gather the returns from the various precincts in the city, as soon as counted by the judges. Automobiles will be used in this work in order to insure the greatest possible dispatch. The results will be thrown by a stereopticon on a screen in front of The Gazette. Gazette bulletins will also be read from the stage of the Empire theater between acts.

Since this is a city election, all the returns will probably be in by 11 o'clock, or midnight at the latest, while results from the precincts in which the vote is light will be announced by 8 o'clock or shortly thereafter.

The straight vote in the precincts, after the polls close, will be announced by The Gazette, the full returns to follow as soon as compiled.

HOLD CONVENTION IN JUNE

Important Matters to Be Discussed by American Association of Museums

PITTSBURG, Pa., March 31.—Following the dedication of the Carnegie institute this month, the second convention of the American Association of Museums will be held at the Carnegie museum, June 4, 5 and 6.

Dr. William J. Holland, director of the Carnegie museum, and the founder and second vice president of the National association, is already making preparations for the gathering, which will comprise the heads of museums of world-wide fame in this country.

The object of the association is to promote the welfare of museums, to increase and diffuse knowledge of all matters relating to them, and to encourage helpful relations among the museums and those interested in them. It is proposed to ally the organization with the National education association, which matter is now under consideration by the council.

The council is considering a proposal that a special committee of three be appointed by the chair to consult with the proper authorities to secure fourth class postal rates upon the publications of museums and other educational institutions in cases in which such publications are distributed gratuitously, but can not be issued at stated intervals of time. All these matters will be reported on by the council of the Pittsburg meeting.

IN MEMORY OF A. T. GUNNELL

El Paso County Bar to Hold Memorial Service Today.

The El Posa county bar will hold a memorial service in respect to the memory of the late Judge Allen T. Gunnell, in the district court room in the court house this morning at 10 o'clock. Among the speakers will be Mayor Henry C. Hall, K. R. Babbitt, O. B. Willcox and others. The public is invited.

Which do you prefer: high taxes and a deficit of $70,000 a year in the City Treasury, or low taxes and a cash balance in the treasury? If you want the first, vote the Republican machine ticket, for that is the record the machine made under the Harris administration. If you want the second, vote the Municipal League ticket, for that's the record made by the present nonpartisan administration.

Can any resident of the Sixth Ward point to a single good result that Alderman Carl Albin has accomplished for the people of his ward? Vote for Austin D. Hamilton, a man who will really represent the people and accomplish something for their welfare.

The Municipal League stands for a business administration, the enforcement of all laws, and the separation of politics from city government. If you want your public affairs conducted in that way, vote the straight League ticket.

Sprung a Leak

This may have happened with your Lawn Hose just when you were interested in sprinkling the lawn.

Perhaps you have used the hose but a short time and are surprised that it gave out so soon. Possibly price, not quality, was considered when you bought it.

Take a word of advice from us. Never waste good money in cheap rubber hose. It is always a poor investment.

Our "Whirlpool" rubber hose will give you excellent service and the same satisfaction it has given to hundreds of Colorado Springs people.

The same is true of our "Meteor" cotton covered hose.

We confine our hose purchases to the above two kinds, having discontinued the cheaper grades.

We believe that good hose is much cheaper at a fair price than poor hose at any price.

REPRESENTATIVE CITIZENS WHO COMPOSE THE MUNICIPAL LEAGUE TICKET

CLYDE L. STARRETT.

AMONG all the candidates for election [illegible] are better known in [illegible] Springs than Clyde L. Starrett candidate on the Municipal League ticket for city clerk. Mr. Starrett was born in Lancaster, Missouri, in 18[illegible] and lived in that state until [illegible] after which [illegible] and located in [illegible] signed his position as official stenographer in the district court in Missouri, a position which he held for eleven years, and brought his wife and family to this city. By reason of his experience in court work Mr. Starrett was selected by Judge R. I. Hubbard to fill the position of deputy clerk in the county court of El Paso county and when D. A. Thomas resigned as clerk of the

district court he was selected by Judges Cunningham and Seeds to fill the vacancy. A significant tribute to his capacity in court work is the fact that he was indorsed for the position by every member of the bar in Colorado Springs, Democratic and Republican alike. He held the position until last November and the efficient manner in which he handled the office is well known to all with whom he came in contact.

This is the first time that Mr. Starrett has ever been a candidate for any office and though he has always been a consistent Democrat in state and national affairs he has always been in favor of nonpartisanship in civic matters. He supported the nonpartisan ticket two years ago. Mr. Starrett is a member of [illegible] the B. P. O. E. and the Knights of Pythias.

C. P. DODGE.

C. P. DODGE, the Municipal League candidate for alderman in the First ward, has lived in Colorado Springs [illegible] years, during all of which time he has been a property owner and heavy taxpayer.

He is owner of the Colorado Springs Gazette and is president of the local

R. A. MACK.

THE Municipal League's candidate for city clerk requires no lengthy introduction to the citizens of Colorado Springs where he has lived for the last 18 years. Mr. Mack is an Ohioan by birth, of Scotch Irish parentage, and for 12 years followed the mercantile business in Harrison county, Ohio. He came to Colorado Springs [illegible] and for several years was engaged as bookkeeper with the mercantile firms of Gibbs [illegible] and Robb & Co. He was for one year a

bookkeeper for C. E. Durkee and for four years following was engaged as a bookkeeper in the Exchange National bank. From this position he went into the real estate and stock brokerage business for himself and remained in it [illegible] for seven years. Mr. Mack is a member of the A. O. U. W. and the [illegible] and has always been independent in politics.

PLATFORM OF THE MUNICIPAL LEAGUE

We the undersigned citizens of Colorado Springs, believing that [illegible] interests of the city will be subserved by disregarding the political affiliation of candidates for municipal office, declare:

1. That [illegible] municipal offices [illegible] those [illegible] their ability and successfully and honestly to the business of the city.

2. That we favor an absolute disregard of national political [illegible] election [illegible] municipal offices [illegible] upon [illegible] alone [illegible] qualifications for office.

3. That [illegible] municipal office [illegible] based solely on merit without any regard to the political beliefs of the appointees.

4. That we believe the business of the city should be conducted as any other business, honestly [illegible] economically and efficiently as possible.

5. That we believe in the strict enforcement of all statutes and ordinances including the ordinances licensing and regulating the sale of intoxicating liquors.

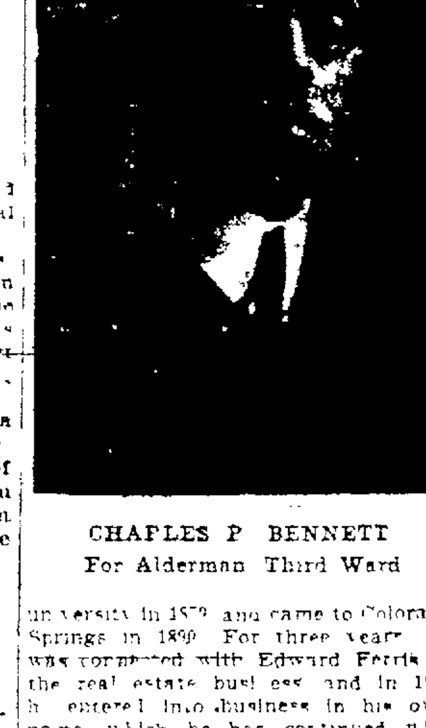

6. That we believe in the due and proper regulation of public utilities according to law. We believe that all public utility corporations having contract relations with the city should be required to adhere strictly and [illegible] to the terms of [illegible].

That we believe that no franchise should be granted without submission to popular vote [illegible] adequate return to the city [illegible].

We urge the citizens of Colorado Springs at the next municipal election to vote for candidates upon these principles and to that end we have formed an organization known as the Municipal League of Colorado Springs to promote the selection and to assist in the election to office of candidates favorable to these principles.

CHARLES P. BENNETT.

CHARLES P. BENNETT, one of the best known real estate men of Colorado Springs, is the Municipal League's candidate for alderman in the Third ward. Mr. Bennett was born in the city of Philadelphia [illegible] received his early [illegible] New England. He graduated [illegible] Brown

university in 1879 and came to Colorado Springs in 1890. For three years he was connected with Edward Ferris in the real estate business and in 1893 he entered into business in his own name, which he has continued with marked success ever since. The intimate knowledge gained by Mr. Bennett of this city's affairs during the last seventeen years renders him peculiarly fitted to represent Ward 3 in the city council and his recognized business ability and integrity ensure the very best service for the public.

Mr. Bennett has already taken an active part in public affairs. It was at his suggestion and largely through his efforts that in important measure [illegible] improve [illegible] was introduced [illegible] first legislature. He also was [illegible] the promotion of the parking plans of the city and formulated the curb ordinance which has greatly aided the parking of Colorado Springs streets.

FRED W. HOFER.

A REVIEW OF THE MANY BREACHES OF TRUST WHICH HAVE OCCURRED IN THE CITY GOVERNMENT OF COLORADO SPRINGS INDICATES TO ANY UNPREJUDICED OBSERVER THAT THEY HAVE BEEN DUE TO NARROW AND MISTAKEN PARTISANSHIP MORE THAN TO ANYTHING ELSE. MEN HAVE BEEN SELECTED FOR OFFICE BECAUSE OF THEIR ABILITY AS PARTY WORKERS RATHER THAN FOR THEIR ABILITY TO PERFORM THEIR DUTIES PROPERLY. MOREOVER THEY ARE BOUND TO GET THE IMPRESSION THAT SO LONG AS THEY ARE FAITHFUL TO THE PARTY RATHER THAN TO THE TAXPAYERS THEY ARE SURE OF THEIR PLACES.

GEORGE D. KENNEDY.

GEORGE D. KENNEDY, the Municipal candidate for alderman for the Seventh ward, [illegible] has also been indorsed by the [illegible] business [illegible] Colorado Springs.

EDWARD W. FROST.

E. W. FROST, the Municipal League and Democratic nominee for alderman in the Eighth ward, is one of the pioneers of Colorado Springs. He has seen this city grow from nothing at all to its present proportions. Since coming to Colorado Springs in 1[illegible] Mr. Frost has been a taxpayer and has always taken a deep interest in the welfare of the community. For the last thirty years he has lived at [illegible] North Chestnut street. By reason of his ability he was for fourteen years from 18[illegible] to 189[illegible] at the head of the water department in this city and it is safe to say that there is not a man in Colorado Springs who knows the water system as well as E. W. Frost. It was during his service as water commissioner of this city that the most extensive improvements were made and [illegible] were bought which now form the chief sources of our water supply. His opinion of such a man on the subject of water supply will carry weight in the council chamber. How the Present Administration Has Handled the City's Finances.

The Republican administration went out of office April 1905 leaving a deficit of over $50,000. The present Nonpartisan administration retires next month not only with the entire deficit of the Republican administration wiped out but also leaving a surplus of about $20,000 in the treasury.

In June 1903 when the Republican administration was in power, the city bonds sold at 3[illegible] per cent below par.

In April 1906 after less than one year of Nonpartisan administration the city bonds sold at a premium of 2-3 of 1 per cent above par, a gain of 4 1-6 per cent.

During the last year the city tax rate has been reduced 2 mills, which reduction would have been greater had it not been for the levy necessary to cancel the deficit left by the Republican administration.

[illegible] have been killed or wounded by troops at Langa and Latulesti. At [illegible] in the center of the disturbed area all the ring-leaders have been captured. All is quiet at Vaslui, Covurlui and Roman. According to today's official report there was no fresh rioting anywhere in the district in which there were numerous murders, pillage and incendiarism last week. The disorders were vigorously suppressed and the revolt stopped at all points and troops are now following up bands of plunderers who the report declares will soon be captured.

In the districts in which the peasants have been quieted the prefects are examining into their demands and are arranging terms with the landowners and pacifying the country. The situation throughout Roumania the report concludes is greatly improved.

KILLS NORMAL SCHOOL BILL

Grand Junction Can Not Have Proposed Institution. Barela Talk for Las Animas

DENVER, March 1—The entire [illegible] night [illegible] the De Long bill for a normal school at Grand Junction, Colo., by striking out the enacting clause. Senator Taylor's [illegible] providing for a commission [illegible] of Chief Justice Steel, [illegible] Grant, Adam Thomas and McDonald and the head of the [illegible] institution to decide upon [illegible] for another normal school was laid on the table. Senator Barela opposed the De Long bill because he thought that Las Animas county because of its population and the large amount of taxes paid the state should have the school if one was provided for. In this [illegible] he entertained the senate with an account of how the Las Animas delegation was induced to forego its demand for a share of the internal improvement fund on promise that Las Animas would be given the normal school.

EXPLAINS NEW RATE SCHEDULE

General Manager of Western Union Tells Why Increase Was Made on Messages

NEW YORK, March 31—Concerning the recently announced advance in the rates charged by the company, Col. R. C. Clowry, president of the Western Union Telegraph company, tonight said:

There has been nothing like a general increase in rates by the telegraph companies. A number of special and unprofitable rates have been increased to the standard or schedule rates. These special rates were discriminative against a large number of places and were originally established by competing companies which by reason thereof went into bankruptcy. Most of the rates increased were twenty-five cents for ten words. It [illegible] the present time. The [illegible] cost of telegraph material has been [illegible] 100 per cent within the last few years. A MEAN SPIRIT

From Life

There has [illegible] a tendency on the part of [illegible] the habit of the very rich on the ground that they [illegible] too many pleasures. There is popularly supposed to be a kind of unselfishness in the spectacle of a plutocrat indulging himself in steam yachts, private cars and golf links, summer camps and so forth.

In reality this shows a mean spirit [illegible] Why, indeed, should we grudge them the few [illegible] they have when there are so [illegible] that they cannot buy. Certain brands of friendship, good digestion or hard work [illegible] conscientious children cannot be obtained by the very rich. Instead they have to content themselves with [illegible] things that money can buy.

[illegible] therefore enjoy this in [illegible] small way. They [illegible] be made happy over trifles, assuming that they always have the necessary capacity.

WHY THE WOMEN DIDN'T VOTE

From the Boston Herald

The members of a woman's [illegible] Malden recently decided to take [illegible] much interest in politics as the law allows them—namely to vote for school committee. In order that none of their number might be beguiled a meeting of the society was called for the afternoon of election day for the purpose of thoroughly discussing the merits of the respective candidates. The meeting was held and in due season a decision as to who should be supported was reached. Then the party went for the polls to cast their ballots. But alas they had taken so long for their discussion that the polls had been closed for a full half hour before the women arrived. A telephone petition to Mayor Warren requesting that he reopen the polls was of course without effect and well the women [illegible] vote. Husbands are forced to wait for women but the polls will not.

There is a jovial member of the [illegible] board of trade who despite his strenuous life has attained the age of [illegible]. One day a number of friends [illegible] exchange were congratulating the elderly member upon his birthday. "You'll live to be 100," said one. "No, [illegible]," the old chap with a sigh. "I'm going to die very soon. I know it." "What on earth makes you think that?" demanded the friends in chorus. "Do you suppose that death is such a fool," asked the old fellow, "to take me at 100 when he can get me at sixty odd?"

A SOCIALIST CAMPAIGN

HAVE DIVIDED COUNTRY INTO THREE CLASSES.

Members Pleased With Outlook and Expect to Make Showing in 1908.

MILWAUKEE, Wis., March 31.—Victor K. Berger, the Socialist leader, tonight announced the plans of the national legislative board, of which he is a member, for spreading Socialism into twenty-six states of the union where interest is now lukewarm.

Mr. Berger, who is one of the most thoughtful students in the party, makes the statement that President Roosevelt had stolen many of his ideas from the Socialists.

"All this recent agitation and unrest," said Berger, "and the showing up of how corporations run things, is making votes for us and swelling our membership.

"The people are awakening. They are becoming more liberal, and beginning to understand social conditions better. Why, look at President Roosevelt. His agitations and exposures are helping us immensely. He is paving the way for Socialism. While he is not of our faith, nevertheless, he is helping us. Every time he shows up the corporations he makes votes for us. The more he agitates the better we like it. He is convincing the people that we know what we are talking about. Why, he has even stolen some of our ideas.

"The entire country has been divided into three classes of states as follows:

"Class 1.—Illinois, Wisconsin, California.

"Class 2—Arkansas, Colorado, Connecticut, Idaho, Indiana, Iowa, Kansas, Kentucky, Maine, Maryland, Massachusetts, Michigan, Minnesota, Montana, New York, New Hampshire, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, Texas, Vermont, Washington and West Virginia.

"Class 3—Alabama, Arizona, Delaware, Florida, Georgia, Louisiana, Mississippi, Nebraska, North Dakota, South Dakota, Nevada, New Mexico, North Carolina, South Carolina, Tennessee, Utah, Virginia, Wyoming."

The theme of the Socialists said to be the preliminary campaign which they are making for the presidency.

MASS FOR MURDERED EDITOR

Victim of Russian Assassin Honored by Public.

ST. PETERSBURG, March 31.—A requiem mas was celebrated today in the main synagogue for Doctor Julles, editor of the Russki Vjedomosti, who was assassinated by a youth of Moscow, March 27.

Many thousands of persons attended, among them being the most prominent leaders of all the political parties, nearly one hundred members and ex-members of parliament and Princes Peter and Paul Dolgorouki.

MAY AVERT BIG STRIKE

GOVERNMENT OFFICIALS CONFER WITH BOTH SIDES.

Many of Trainmen Are Willing to Accept Terms Offered by Managers.

CHICAGO, March 31.—Martin A. Knapp, chairman of the interstate commerce commission, and Charles P. Neill, commissioner of labor, who came to Chicago yesterday to try to settle the controversy between the conductors and trainmen's organization and the railroad managers, held a series of conferences today and tonight.

Mr. Knapp said after the conference that progress was being made, but that nothing definite had been accomplished. It was said that the labor conference had intimated to the commissioners that they were willing to concede something from their original demands, but the nature of the proposed concessions was not disclosed.

Railroad managers on the other hand are said to have declared they would grant no more than had already been offered. They declare most of the passenger conductors were willing to accept the advance offered and voted to reject the terms against their own better judgment. Grand Chiefs Morrissey and Garretson of the trainmen's organizations, denied that any influence was exercised among the men in order to secure a vote favorable to a strike.

A conference of the managers and union leaders may be held tomorrow.

SECURES UNIQUE COLLECTION

J. P. Morgan Pays $1,200,000 for Dutch Furniture.

BRUSSELS, March 31.—It is currently reported that J. Pierpont Morgan of New York has acquired, for $1,200,000, the unique collection of Jules Van Den Poreboom, which comprises furniture, pictures, arms, brasses, ancient engravings and chimney pieces. The collection is installed in a Sixteenth century Dutch house at Anderlecht, a replica of which will be constructed in New York state under the superintendency of Francois Malfait, the architect.

TELEGRAPHERS MAY STRIKE

Reduction in Wages Will Result in Walkout.

WHEELING, W. Va., March 31.—Telegraph operators in West Virginia threaten to strike if their wages are reduced when the new eight-hour law enacted by the recent legislature goes into effect. The railroad companies have given notice that there will be a proportionate reduction in wages as soon as the law takes effect, May 9. At a meeting today operators representing every division in West Virginia decided to refuse to accept anything less than they receive now for 10 hours.

WANTS CLOSE ALLIANCE

AUSTRIA AND ITALY DESIRE FRIENDLY RELATIONS.

Triple Alliance Discussed by Prince Von Buelow and Signor Tittoni.

RAPOLLA, Italy, March 31.—Originally it was intended by Prince Von Buelow, the German imperial chancellor, and Signor Tittoni, the Italian minister of foreign affairs, that not the slightest political importance should be attached to their meeting here today, but after the conference this morning, it was decided to issue an official statement, which follows:

"This morning there took place a long and amicable discussion between Prince Von Buelow and Signor Tittoni.

"Although the conference was not brought about by political reasons, naturally the subjects of conversation were the political questions now occupying the international field.

"The conversation demonstrated again the complete and full correspondence of ideas of the two statesmen."

Although the strictest secrecy is maintained concerning the meeting of the diplomats, it seems that the chief discussion was concerning the efficiency and strength of the triple alliance, and that it was especially agreed that reciprocal relations between Austria and Italy should be strengthened, as the greatest danger threatening the two powers was a conflict between themselves, which the triple alliance wished to avoid.

It is expected the conferences will end when Prince Von Buelow and Signor Tittoni meet Baron Aehrenthal, the Austro-Hungarian foreign minister.

It is asserted that the German chancellor is not opposed to the principle of a general limitation of armaments, but that he will reserve his actual adhesion to it until a practical way for its application is found.

TO DISPOSE OF OLD DEBTS

Constitutional Amendment Will Be Placed Before People on Certificates of Indebtedness.

DENVER, Colo., March 31.—The legislature today passed a bill providing for the submission to the people of a constitutional amendment to dispose of certificates of indebtedness issued during the Seventh, Eighth, Ninth and Eleventh general assemblies, and which, on their face, amount to nearly a million dollars. Twice before the people of Colorado voted for a similar constitutional amendment, and both times it was defeated. The previous amendments provided for the payment of interest on the certificates and the last time the legislature placed the matter before the people the principal and interest on the certificates amounted to more than two million dollars. The amendments were bitterly fought at both elections on the ground that the certificates were issued to pay for supplies, etc., purchased at outrageous figures, and it is claimed now that the real value of the goods purchased, with the certificates and interest to date, will be covered in the face value of the certificates are paid.

The certificates were originally issued to parties from whom supplies were bought, but since that time have been transferred to easterners principally. The amendment will be voted upon at the next state election, in November, 1908.

CATCH CLEVER BUNCO GANG

Alleged Wire Tappers Fall Into Trap Set by Police and Intended Victim.

CLEVELAND, O., March 31.—In the arrest here today of three men and a woman, giving the names of Edward Weiss and Max Morris of New York and Charles Drucker and Claudia Carldon of this city, the police believe they have caught a clique of clever wire-tappers wanted in several cities. The arrests were made following an alleged attempt to swindle J. D. Marks, a wealthy scrap iron dealer, out of $4,000. A draft for that amount, signed by Marks, was about to be turned over to Weiss when two policemen, secreted near where the transaction was in progress, arrested Weiss and Morris. The others were taken in later as accomplices.

Marks told the police that Weiss told him that he was in a position to procure race reports secretly in New York on the strength of which Marks was promised a large amount of money. They had planned to go to New York Monday, Marks says. Today, he mistrusted the plan and sent for a policeman. A meeting at Marks' office was arranged for and the arrests ensued.

Drucker, Weiss, Morris and Miss Carldon are held on suspicion.

Munyon's 3 X Rheumatism Remedy

I want every rheumatic to throw away all medicines, all liniments, all plasters and try MUNYON'S 3 X RHEUMATISM CURE. No matter what your doctor may say, no matter what your druggist may say, no matter how bigoted or prejudiced you may be against all advertised remedies, go at once to your druggist and get a bottle of the 3 X RHEUMATISM CURE. Price $1.00. He will get it for you if he has none in stock. There are 100 doses in a bottle, and as one lady says: "Every tablet is worth more than a diamond of the same size." A few doses will take away all aches and pains, and a cure generally effected before one bottle is used.

Remember, this remedy contains no salicylic acid, no opium, cocaine, morphine or other harmful drugs. It is put up under the guarantee of the Pure Food and Drug Act, but my guarantee I consider the best. Try the remedy, and if you are not satisfied, bring the empty bottle to me and I will refund your money.

No room for doubting, no room for subterfuges, no excuse whatever why you should not get well of Rheumatism.

If you have any other ailment, remember that we put up a separate remedy for each disease. We have no "cure-alls." Our Cold Cure cures the cold. Our Cough Cure is worth more than all the emulsions, all the oils, all the balsams and cough cures that have ever been made. You can prove this statement by the investment of 25 cents.

My Kidney Cure, I believe, has saved more lives and cured more chronic cases of bladder and kidney ailment than any known remedy. Money back wherever it fails.

My Dyspepsia and Stomach Remedy enables one to eat a good square meal and digest it.

My Constipation Ointment gives a natural movement in from two to three minutes, and is rapidly taking the place of all cathartics and weakening poisons.

My Headache Cure stops all headaches in from 3 to 10 minutes, and is a good heart and stomach tonic.

All persons suffering with Piles I most earnestly ask to try me pile Ointment. It stops all itching and pain instantly. Money back if it fails to cure in each case.

DIPLOMATS CREATE TROUBLE

Chile Wanted Ambassadorial Rank at Washington, but was Out-Euchred.

WASHINGTON, March 31.—Chile's failure to send a minister to Washington to replace Mr. Walker Martinez, who did not return here after the Panamerican conference at Rio Janeiro last summer, has caused much comment. The recklessness of the Chilean congress to appropriate sufficient money to maintain the legation has been given as a reason for leaving the American mission in charge of Alberto Yoacham, secretary of the legation. But it has just become known that the real cause was hidden deep in Latin-American politics.

Chile decided it would be a good idea to have an ambassador in Washington, and steps were taken to discover what the United States thought of the proposed elevation of the Chilean representative to Washington.

The suggestion that the Latin nation might be raised to ambassadorial rank set all Latin-America on edge, and a general movement was instituted by the southern republics to head off such a movement. Argentina, being unfriendly to Chile, was especially opposed to the plan, as Brazil and Chile are always rated as allies, and Argentina did not want her two strongest rivals to outstrip her in American representation.

It has not been the policy of the state department to send ambassadors to any country which can not be ranked as a world power, and while the hostility of the rest of South America to such a change became known, the United States decided that the question had better not be agitated further at this time.

For the first time in twenty years Colorado Springs has had an administration conducted on business principles. Why? Because it is made up largely of men chosen for fitness rather than for political reasons. Isn't this a good kind of government to continue?

STUDENT KILLS POLICEMAN

Officers in Ambush Shot by Revolutionist.

MOSCOW, March 31.—The police Saturday discovered and watched a revolutionary meeting place on Fresh Pond avenue.

They stationed an ambuscade, and today a student who had not been warned that the place had been discovered approached the entrance. Policemen Andreeff and Gontcharoff leaped from the ambush toward the student, who killed both of them with his revolver and escaped unwounded.

Business, Not Politics.

From the Colorado Springs Evening Telegraph, January 21, 1907.

A movement for a non-partisan city government in Colorado Springs is distinctly a step in the right direction.

MEN SHOULD BE ELECTED TO RUN THE AFFAIRS OF THIS CITY NOT AS PARTISANS, BUT AS BUSINESS MEN OF ABILITY AND GOOD CHARACTER. THEIR POLITICAL AFFILIATIONS SHOULD NOT BE TAKEN INTO CONSIDERATION ANY MORE THAN THEIR CHURCH AFFILIATIONS.

The only argument that can be advanced against a non-partisan government is that of responsibility. The politicians say, "If you elect members of our party, the party is responsible for the good conduct of its office-holders."

But is that a valid objection to non-partisan city government? AND HAS THE PARTY RISEN TO ITS RESPONSIBILITIES IN RECENT ELECTIONS? A REVIEW OF THE MANY BREACHES OF TRUST WHICH HAVE OCCURRED IN THE CITY GOVERNMENT OF COLORADO SPRINGS INDICATES, TO ANY UNPREJUDICED OBSERVER, THAT THEY HAVE BEEN DUE TO NARROW AND MISTAKEN PARTISANSHIP MORE THAN TO ANYTHING ELSE. MEN HAVE BEEN SELECTED FOR OFFICE BECAUSE OF THEIR ABILITY AS PARTY WORKERS RATHER THAN FOR THEIR ABILITY TO PERFORM THEIR DUTIES PROPERLY. MOREOVER, THEY ARE BOUND TO GET THE IMPRESSION THAT SO LONG AS THEY ARE FAITHFUL TO THE PARTY, RATHER THAN TO THE TAXPAYERS, THEY ARE SURE OF THEIR PLACES.

The time has come in the life of this city when its city government should be conducted from the standpoint of business rather than politics. If an official proves recreant to the trust reposed in him he should not be tolerated in office for a moment. If a mayor and a city council are elected as business men, rather than as partisans, they will have no excuse and will need no excuse for placing incompetent men in office or for retaining them after they are put there.

The condition of the city taxes, increasing steadily instead of diminishing, as they ought to as the town grows larger, makes the question a very serious one, which should come right home to the door of every citizen.

WHAT WE WANT IS AN HONEST, CAPABLE, BUSINESSLIKE ADMINISTRATION, WHERE FITNESS SHALL BE THE CRITERION FOR OFFICEHOLDING AND NOT PARTISANSHIP.

It can be done; it is being done in scores of communities which are larger than this, and it ought to be done in Colorado Springs.

BIG RECEPTION FOR TAFT

Will Be Honored at San Juan Second to Roosevelt.

SAN JUAN, P. R., March 31.—Governor Winthrop is preparing a reception to Secretary of War Taft in Porto Rico second only to that extended to President Roosevelt. Mrs. Taft will precede the secretary to the island, arriving here April 11. The present program includes an informal dinner on Secretary Taft's arrival here April 14, a visit to points of historic interest and an automobile trip from San Juan to Ponce and return, over the same roads taken by President Roosevelt.

SOURCE OF GARGOYLE IDEA.

Stone Effigy, Now Common, First Used on a Cathedral.

From the Chicago Chronicle.

One of the earliest of the more elaborate attempts to transform roof spouts seems to have been at the Cathedral of Rouen, where the figure of a great dragon was adopted for one of them, though whether it was intended as an object of terror to the bobgoblin fraternity of the seventh century or a symbol of the church's triumph over a subtle foe, can only be conjectured.

This fearsome wildfowl terrorized both banks of the Seine and terribly ravaged the city of Rouen, until he was gallantly slain by St. Romanus, bishop of the cathedral there. Probably in sheer jubilation of spirits and in compliment to the valorous bishop the carcass of the mischievous beast was embodied in stone and set up aloft as a warning to all depredators and any evil spirits by which they might be actuated. The name given to this unlucky animal is said to have been gargouille, and hence the name given to his effigy, according to some authorities.

Other Possible Derivations.

Others, however, derive the appellation from "gargulis," the weazand of the throat, or from "gargale," a disease to which swine are liable and which causes a gurgling sound in the throat, like that which water makes in passing through a pipe. Everybody is at liberty to choose a derivation, since nobody can speak with authority.

If gargouille really was the name given to some more or less fabulous beast whose carcass was imitated by some fanciful sculptor in the making of an ornamental spout, then the probability is that here is the origin not only of "gargoyle" but of the French word for the weazand, as well as the English words "gurgle" and "gargle."

One ugly creature having been adopted for a stone effigy on so famous a church as that at Rouen in the seventh century may easily be conceived to have set the fashion for other churches, and the superfluous hideousness of so many of these objects certainly supports the notion that in part their sculptors were actuated by the idea of frightening the unsunny folk from the sacred edifices and the worshipers.

Dragon the Basic Idea.

The dragon is the commencement of all forms for the gargoyle and toward the end of the thirteenth century, when the propriety of adopting this creature had become an old tradition of church architecture, the form of the monster was transformed into a thing of some approach to grace and elegance. In the meantime, however, almost every bird or quadruped of evil repute and of a figure that could by any malevolent ingenuity be distorted into something frightful, has been called in for the spiritual defense of the church, and when animal shapes alone had been made to undergo every contortion that could be conceived they were combined with human figures and faces, a development which inevitably led to the later adoption of all sorts of imps and demons.

Thus on many of the finest churches in Christendom we find not only almost every kind of bird and beast, real and legendary, but everything uncanny and diabolical in human form. It must be allowed that it showed an exceptional originality and an uncommon power of good nature in the nineteenth century sculptor who in the course of the restoration of Chester cathedral, about the time of the disestablishment of the Irish church, capped this long series of ecclesiastical embellishments with a caricature headpiece of Mr. Gladstone.

MOTHERHOOD

MRS. DANIEL SULLIVAN

Unquestionably preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound more successfully than by any other medicine, because it gives tone and strength to the entire feminine organism and renders it perfectly normal.

A woman in good physical condition transmits to her children the blessings of a good constitution. Read what Lydia E. Pinkham's Vegetable Compound did for Mrs. Sullivan, 589 E. 7th Street, Flatbush, N. Y.

"What a blessing Lydia E. Pinkham's Vegetable Compound is to motherhood. I send you a picture of my three months' old baby and myself, and the photo shows the splendid condition of our health. That I am so well and the baby so healthy and happy is entirely due to your excellent remedy Lydia E. Pinkham's Vegetable Compound. I took it for five months before baby came and it brought me an easy confinement and kept me strong, when I was weak and in poor health all the time when my other children were born."

Mrs. Geo. Walters of Woodlawn, Ill., also writes:

"I feel it my duty to tell of the good Lydia E. Pinkham's Vegetable Compound has done me and to tell all expectant mothers to insure a healthy child and easy birth. I had lost three children and was discouraged when a friend advised me to try Lydia E. Pinkham's Vegetable Compound. I did so and it has only helped me well and strong, but I have as healthy a child as you will find anywhere. I hope other discouraged women may read this letter and take Lydia E. Pinkham's Vegetable Compound and be benefited by it as I have been."

Women should remember that for more than thirty years Lydia E. Pinkham's Vegetable Compound has been without a rival in sustaining woman's health and curing all those painful ailments peculiar to her sex. Its record shows that it has cured almost every form of female complaint, organic troubles, inflammation and ulceration, falling and displacements and consequent spinal weakness, and is peculiarly adapted to the periods of child-birth and change of life. It cures backache and all those bearing down sensations.

If there is anything about your case you do not understand write to Mrs. Pinkham, Lynn, Mass., for advice. It is absolutely free. Thousands of women have done so and have received help.

THAT THE PEOPLE MAY KNOW

Facts the Electric Company WANTS the People to Know.

A self-appointed and unknown "Committee of Citizens" published an advertisement in The Gazette yesterday entitled "FACTS THE ELECTRIC COMPANY DOES NOT WANT THE PEOPLE TO KNOW." We wish to state right here that this company wants the people to know EVERYTHING TO BE KNOWN ABOUT MUNICIPAL OWNERSHIP and therefore print below the "Committee of Citizens" facts, with further information, which the "Committee of Citizens" inadvertently, we presume, omitted.

[illegible] ... do not know ... municipal ownership that it has saved this town about $3,000 ... the installation of the electric light plant and that ... taxpayers in the ten years ... thousand dollars.
JOHN F. WHITE, Mayor.

Bryan has a population of 3,131 and therefore is, in the opinion of the "Committee of Citizens," comparable with Colorado Springs. It is too bad the mayor did not give the cost of the plant. The saving does not equal it. The mayor does not state whether the water and light accounts are kept separate or not. He does not state that interest on the bonds is paid out of the tax fund. He does not mention the ten years depreciation of the plant as affecting the saving, a low estimate for depreciation alone reducing the "saving" to less than $1,000. What it would be when the other changes are properly deducted can be left to the imagination. Anybody can save money if someone else pays his bills.

From Bellefontaine the following is sent:
[illegible] ... using the Deisel oil consuming internal combustion engine ... fund for the payment of interest ... sinking fund ... allow five per cent for depreciation ... of Bellefontaine, Ohio ... cheaper than day light.

We wonder who sent it. He must be very careless for he neglected to state that the city is still paying interest on $75,000, the cost of the ABANDONED municipal plant which the present $50,000 plant succeeds. If, in a city of 6,000 population a $125,000 plant can not supply the whole town, how far will $150,000 go in a city of 35,000?

The Mayor of Logansport, Indiana writes:
[illegible] ... lighting ... 6 cents per 1,000 watts ... 4 cents ... The meter ... from ... including ... $200,000 to the city. The original plant was constructed January 1, 1897 ... Public Works ... operated ... supplying street ... [illegible]
GEO. P. McKEE, Mayor.

Note that item for $10,000 for "new construction." Part of it went for lamps and stationery. It must be a successful plant for the Electrical World says "the municipal electric lighting plant is not a financial success and needs to be improved and people are clamoring that the private corporations which guarantee cheaper power and light be given a franchise." This is the way they show a profit they omit all items of operating expense that can without too much danger of detection be saddled upon the general fund or other departments; such as can not be concealed in that way are charged to "new construction," for which bonds are issued—or have been, for the city has exceeded its bond limit and it is impossible to make much-needed repairs because the "profits" do not provide the funds.

The Mayor of Mishawaka, Indiana writes:
[illegible] ... very much misleading ... no doubt in the interest of ... city installed its waterworks ... electric plant ... taxpayers ... Our rates for light ... lower than in ... surrounding towns ...
CHARLES FRANK, Mayor.

You will notice that Mayor Frank does not mention the matter of unpaid bonds. It is probably a delicate subject with him. Mishawaka issued bonds to build the plant. When they came due they could not be paid. To avoid foreclosure the plant was sold. Of course a municipal plant can make low rates if it mortgages itself out of existence and appropriates funds from the taxes as was done in Mishawaka.

The Mayor of Holyoke, Massachusetts writes:
I have referred your letter of March 14 to Mr. Snow, the manager of our Gas and Electric Light Plant ... [illegible] ... a fairly good showing in four years of municipal operation.
A. P. AVERY, Mayor.

Yes, these reduced prices make a good showing, particularly the price (not given above) of 1.6 cents to a couple of political friends. The cost of production is 1.92 cents. The appropriation from the taxes for bond payments makes a good showing, too.

From Cleveland the following is sent:
"The Cleveland Board of Public Service has issued a statement showing the result of municipal operation of the city street lighting department ... [illegible] ... In 1903 ... lamps were in service. When the city took charge in 1904 the cost dropped ... $18.34 ... $18.39 ... And there are now 13,030 lamps ... [illegible]

There is little wonder that nobody dared sign this statement. It may be true but it looks like a lie to us. The total capacity of the municipal plant is 310 arcs and 8,000 INCANDESCENTS. In view of what is sent to the "Committee of Citizens" it is rather surprising to find that the city rents 1,238 arcs from the Cleveland Electric Illuminating company at the price of $69.72. This is outrageous squandering of the city's money if the Board of Public Service can do it for $18.39 the impression intended in the "Committee of Citizens'" item.

TO THE COMMITTEE OF CITIZENS:

Who are you? Who appointed you? We have heard of no citizens' meeting to appoint you. Are you taxpayers? You do not say so. Are you interested in the proposition to sell current to the city? Are you the backers of this scheme to get franchiseless current into Colorado Springs? If you are a legitimate committee why are you afraid to sign your names to the lies you print? Why don't you individually indorse your advertisement? If you are sincere, there is certainly nothing to make you ashamed to come out and state your case to the people over your own names. Who is the company you represent? Why is it afraid to ask for a franchise? Why do you try to fool the people into believing that $150,000 will pay for a pole line to cover the city? You know better, and so does everybody else. Why doesn't your company ask for a franchise on its merits instead of trying to steal $150,000 from the city of Colorado Springs to build your pole line?

What President Roosevelt Says About Non-Partisan City Government.

"The worst evils that affect our local government arise from, and are the inevitable result of, the mixing up of city affairs with party politics of the nation and state. The lines upon which national parties divide have no necessary connection with the business of the city. Such connections open the way to countless schemes of public plunder and civil corruption."—Theodore Roosevelt.

THE ISSUE.

THERE is just one issue before the voters of Colorado Springs in the impending election—the issue of honest, efficient government for the benefit of the entire people, or boss domination involving the placing in office of men whose chief qualification is party service and who as shown by experience are likely to prove incompetent and perhaps dishonest.

Colorado Springs has tried both kinds of government. For many years the City Hall was filled by the creatures of bossism put there to do the bidding of the men who made them. What was the result? Mismanagement, graft and dishonesty. Now for the last two years we have had the other kind of administration, the kind represented by nonpartisanship. Everybody knows that it has been the best administration in the history of the city. It has enforced the laws better, managed the public finances better and safeguarded the interests of the people better than was ever done under the old regime.

If the people want a continuation of this kind of government they can get it by electing the Municipal League ticket. If they want the city run by men who will handle its affairs with the same careful attention that they would bestow if it were their own private business instead of the public's business they can have it done by electing the Municipal League ticket.

NOT SO SLOW, AFTER ALL.

OUR friends on the other side of the political fence have unearthed a serious indictment against K. M. MacMillan, League candidate for Mayor. They say he is slow. Awful, isn't it.

Mr. MacMillan may be slow at making whistles out of pigs' tails and his mind may not be alert enough to transform himself in a twinkling into a wise man and then into a prudent housewife before the very eyes of the audience. He was not even quick enough to grasp the brilliancy of the idea of congratulating the Municipal League on the intelligence it had shown in nominating him, but as a vote getter on the score of honest and efficient public service he certainly is not slow. When he was elected City Clerk four years ago he ran far ahead of his ticket and again in 1905 he not only repeated the feat but received 4,1[illegible] votes, the largest number ever given by a candidate for a city office in Colorado Springs.

Not so very slow after all, is it?

WHY THE MACHINE IS SCARED.

AS NEARLY as we can figure it out the Telegraph's support of the Republican ticket is worth about 600 votes to the Municipal League. The mere fact of the Telegraph supporting the ticket at all is enough to bring it under suspicion, for the evening paper has reached such a depth of degradation that any cause it espouses may almost be regarded with distrust. But in this campaign it has made matters worse by its reckless use of its favorite weapon—abuse. Scarcely a man on the Municipal League ticket has escaped the venom of the machine organ. Its most bitter attacks have been directed at everybody who has spoken in behalf of the Municipal League [illegible] the independent ticket [illegible] this community [illegible] the Telegraph can [illegible] its attacks the higher they stand.

There is no disguising the fact that the machine is thoroughly frightened. Its leaders are dissatisfied with the way the organ has conducted its publicity campaign, and ask whether their dissatisfaction is due to a belief that it has thrown too much mud or not enough. They are dissatisfied with their ticket. In the beginning they realized fully that they must put up good men but only in a few cases were they able to get the men they wanted. Helzer was named for Mayor only after the nomination had been refused by E. K. Clark and Ira J. Morse. Clark had been in the game before and had decided that it was too raw for him. Morse, who it is admitted would have been a far stronger candidate than the fall guy now named, couldn't touch it under the conditions imposed. The bosses insisted that the man selected for Mayor must be a mere figurehead who would permit them to dictate all appointments, especially that of W. S. Reynolds as Chief of Police. This was where Morse balked. But the fact is he had no such compunctions. He was willing to agree to any and all conditions if [illegible] he could have the nomination. In the secrecy of the machine councils it is freely admitted that Mr. Helzer is a weak candidate but it was not a case of who they wanted but one of who they could get.

Then there's the nomination of Perry for Auditor—another bad break. Perry is not exactly a tower of strength to the Republican ticket; in fact he is what is described by "the men of the street" as a "weak sister." His official record is against him. The reports of the Colorado Title and Trust Company (which is employed by the city to audit the books of officials) covering a period of several years show gross incompetency and mismanagement in his office. When Perry became Auditor he knew about as much of public accounting as a Feejee islander, and the trust company's reports remain as evidence that he hasn't improved perceptibly since then.

PERRY IS ANOTHER DEAD ONE

Of course he can't be blamed for what he didn't know in the beginning and according to the machine method of selection he was probably entitled to the job for he had done everything the bosses had told him to do. But the fact that his office is no better managed now than it was when he entered it four years ago certainly is to his discredit. The reason, however, is not hard to find. As the errand boy and chief remaining satellite of D. B. Fairley his time has been too completely occupied with politics to enable him to devote much attention to the city's business—hence the condition that now exists.

In the recent convention the Boynton forces were willing to concede one office to Fairley as a consolation prize, and the faithful Perry got the plum. Perhaps they didn't realize at the time the strength of Clyde E. Starrett, the Municipal League candidate. At any rate they realize it now and are figuratively kicking themselves because a strong man wasn't named to oppose him.

But it is too late now for the machine to cry over spilt milk and it must get along as best it can with the ticket as it stands. Of course after it is beaten it will turn around and blame its little Fido the Telegraph for snarling so much and "Congratulatory Dave" for making such silly speeches and Perry for incumbering the ticket with himself and his official record—all of which will be very ungrateful, for the Telegraph can't help being malicious and untruthful any more than Helzer can help making himself ridiculous on the platform or Perry can help being just Perry. The real reason for the machine's impending doom lies further back and it can be stated in very few words—the disgust of the people with corrupt and inefficient government. All of the other causes are merely contributory.

W. H. HOAGLAND.

W. H. HOAGLAND, Municipal League candidate for City Treasurer, is a Colorado Springs pioneer and one of the best known residents of the city. He came here in 18[illegible] and until 1889 was engaged in the mercantile business. In that year he was elected City Treasurer, in which position he served two terms or until 1893. In 1903 he was again elected Treasurer and now fills the office with entire satisfaction to the people.

Mr. Hoagland is the only man that has filled the office of City Treasurer in Colorado Springs in the last eighteen years whose management of the office has not caused scandal. The post he now fills is one of the most important in the city government and in view of his splendid record and unquestioned fitness there is hardly a doubt that he will be re-elected next Tuesday by a larger majority than ever before.

GEORGE D. KENNEDY.

FOR THE last four years it has been the unhappy lot of the Seventh Ward to be represented—or rather misrepresented—in the Council by A. M. Holden, a man whose conceit, narrowness and obstinacy render him unfit to hold public office. As Chairman of the Street Committee and as President of the Council Holden has been a conspicuous failure, mainly because of his constitutional inability to get along with anybody and everybody with whom he comes in contact. His use of the Street Department to beautify and adorn his own premises and his action in causing the construction of a number of concrete crosswalks on the West Side, each of which is some twelve or fifteen feet too short to reach across the street, give a fair idea of his capacity for the position he now holds.

The Seventh Ward is one of the most important in the city, extending from Nevada Avenue on the east to Colorado City on the west, and it certainly deserves to be represented in the Council by a man of ability such as has been named by the Municipal League. George D. Kennedy, the League candidate, has been a resident of the West Side for more than nine years and is closely identified with its interests. He is a public spirited citizen and if elected to the Council will without doubt prove a conscientious and valuable member of that body.

R. A. MACK.

AT THE Temple Theater meeting Saturday evening John Lennox paid a high tribute to the character and ability of R. A. Mack, Municipal League candidate for City Clerk. Mr. Lennox said that he had known Mr. Mack for years and regarded him as absolutely incorruptible and well fitted for the position for which he has been nominated.

This estimate of the League nominee for Clerk is supported by the testimony of all who know him. Until the first election of K. M. MacMillan, the present incumbent, the office of City Clerk was filled by several men whose records are still unsavory reminders of the Republican gang regime of which they were a part—A. H. Corman, C. F. Smith and Ike Harris. Mr. MacMillan has established a new standard of honesty and efficiency in that office and if Mr. Mack is elected he may safely be depended on to continue it.

For the sake of the Municipal League it is a pity that the Evening Telegraph, organ of the allied machines, has only one more issue before the election. Its campaign of abuse, misrepresentation and mendacity is making votes for the League ticket every day.

A vote for the Municipal League ticket is a vote for the protection of the youth of this city from the drugstore-saloon and the illicit club.

THE "FAVORED DISTRICT" FAKE

To the Editor of The Gazette:

The story being circulated by the local light trust about a so-called "favored district" is not true. If the people vote in favor of a lighting plant the council may provide for a plant to furnish light to all parts of the city and to every citizen.

THE PRICE OF STREET LIGHTS

To the Editor of The Gazette:

In Colorado Springs Electric company in some of its advertisements makes some very extravagant claims as to the benefits it has conferred on the city in the way of reduction in the price of street lighting. It says: "When this company came into existence the street lights cost the city $98 per year." It does not state—which is the case—that when the contract providing for that price had yet some time to run, namely in September, 1901, it persuaded the council to cancel it and execute another providing for a different style of lamp, the one now in use, and reducing the price to $80 per year to April 1, 1904, and after that to $75 per year.

The lamps in use were the old style open arc which were much more expensive to operate and while the saving to the city was considerable the company by no means made the reduction it should have made. The lamps under this contract were operated on the moonlight schedule which means a saving of about one-third in cost of operation. Since February 15, 1905, the city has been furnished by the Hydro-Electric company the very same lamps on all night schedule for $66 per year. So that as a matter of fact from September, 1901, to April, 1904, the city has paid the Electric company for each lamp $14 more per year, and from April, 1904, to February 15, 1905, $9 more per year for two-thirds of the service it has been receiving since February 15, 1905.

There is no claim that the Electric company did not comply with the terms of the contract, nor was there any provision therein requiring any stated candle power. However since [illegible] are making the claims they do would it not be right for the company to refund to the city the excess amounts it has received? At the arbitration hearing the Electric company stated that in furnishing the lights it was acting as the agent of the Hydro company. The price is not a matter of arrangement but is definitely fixed in the franchise and the Electric company can lay no claim for the benefits the city receives thereby except in so far as its statement is correct that "The contract of this company with the Hydro made that company possible." If such was the case the converse is also true that the Hydro would not have been possible without the contract. I am quite sure that our citizens would much rather have preferred the latter condition.

While we are protected as to the price of our street lighting and according to the decision of the arbitration board have some [illegible] also as to its quality, we are not sufficiently protected as to the price of commercial lighting. By the decision the city is entitled to receive either a reduction from the present rate or an improved service. The Electric company states: "No citizen of Colorado Springs can find figures anywhere in this broad land to show that $66.00 is enough to pay for a very low rate for 4,000 hour 6.6 ampere street lighting." This proves that the proposals for the municipal plant have not been hastily considered when they do not provide for street lighting, though at another time the company says: "The proposed municipal distributing system makes no provision for street lighting because," says the Ivon Armstrong report, "we think the funds could be used to better advantage." Evidently the company would prefer us to do the street lighting and leave the commercial business to it.

ARC LIGHTS, POLE LINES AND BONDS

To the Editor of The Gazette:

Answering the question it took Arc Light half a column to ask we would refer him to the Central Station List compiled by the publishers of the Electrical World, which says the Jacksonville plant reported in July, 1906, that it had 120 inclosed arcs. The candle power of these is not given, but it is safe to assume that they are modern lamps to take the place of the old style open arcs. There are still 305 open arcs in use.

Part of the questions asked by Citizen are answered in our advertisement in another part of this paper. We did not consider that we were acting in bad faith in not mentioning the fact that there are many companies and a FEW municipal systems that act as distributing agents. It is too well known to need mention. As long as the matter has come up we will add that no distributing company has had the temerity to make a rate before it KNEW it could buy current.

That our main steam plant is expensive we admit. That it is not superfluous is best shown by the fact that last week's storm demonstrated its value and necessity. By having current from both the main plant and the Hydro we were able to furnish light to every customer in town that night. It often happens that the Hydro is temporarily out of business, but do the people in the city know it? They would if we had no superfluous and expensive generating plant.

Citizen gives away the whole M. O. plot for he admits that some company expects to convey its current. To distributing systems CONTROLLED BY ITSELF AND OTHERS.

The scheme is to get the city to build the distributing system so that Citizen's company will not have to go to the trouble of obtaining a franchise. Citizen's company will use the city to pull its chestnuts out of the fire. Read our advertisement.

Citizen says the M. O. plant can use funds from surplus earnings from taxes and from proceeds from further bond issues for extensions. The estimated "surplus earnings" amount to less than $8,000 per year. Using all the surplus earnings, provided of course that nothing happens to reduce them, it would take at least fifty years to cover the city. Citizen would raise the taxes. To what benefit? From taxes? Wouldn't the city grow if the taxes went up every year? From further bond issues. What a fine thing it would be to ruin the city's credit by over bonding it. How pleased Citizen's company will be to see the city run into bankruptcy thereby saving that company a deal of trouble incidental to the operation of a distributing system. Isn't it a pleasant outlook.

Citizen asks, "From whom else than from its consumers does the Electric company receive or expect to receive in the future money to pay its maintainance, etc.?" FROM NOBODY. We do not propose to assess the cost of one man's light against a taxpayer who uses no light. We charge a consumer for what he gets and we do not foist part of the cost off onto nonconsumers as is proposed by Citizen. Taxation without representation is just as illegal today as it ever was. It is not the purpose of our government to tax a man for the benefit of a favored few. The law of this land is based on equality and it will probably remain on that basis as long as Citizen and his franchiseless company survive.

THE COLORADO SPRINGS ELECTRIC CO.

R. P. Bache, Manager.

Colorado Springs, March 31, 1907.

REPLY TO "CITIZEN"

To the Editor of The Gazette:

In Saturday's issue "Citizen" misquotes a statement which I made at a meeting of the Winter Night Club, and I beg to correct the erroneous impression which his statement may have made on the public mind.

He says: "Attorney Holland at the Winter Night Club stated that the Electric company had paid 35 per cent dividends in the past seven years."

The fact is that I said nothing of the kind, as those who attended the meeting will bear me out.

What I in fact said was that in seven years operation the Electric company had earned only 35 per cent on the actual cash invested in its plant and distributing system.

"Cash actually invested" means stock, bonds and floating indebtedness. The bonds of the company bear interest at the rate of [illegible] per cent per annum. In seven years that amounts to 35 per cent. The other 3 per cent in seven years or 3-7 of 1 per cent per annum includes the interest on the floating indebtedness and also the enormous profit (?) which have been paid to the stockholders of this soulless corporation covering the entire period of seven years during which it has been charged that it was robbing its customers.

By the way it might be mentioned, that among all the charges which have been hurled against the Electric company it has never yet been charged with robbing or levying tribute on those who have not been its customers.

The advocates of the municipal plant however purpose to levy tribute on every taxpayer in the city whether or not he patronizes the plant.

"Citizen" will perhaps be fair enough to concede that in misquoting what I said he gave utterance to a statement which is unfair and unjust to a company which has barely been able in seven years operation to meet its interest charges.

Out of his superior wisdom Citizen may be able to evolve a plan whereby his proposed municipal plant can be satisfactorily operated much more cheaply than the Electric company has been able to operate its plant during the past seven years. Unless he can accomplish this he will not only be compelled to increase municipal taxation to meet the interest on the bond issue which he is attempting to saddle upon the city but he will likewise be compelled to increase taxation to meet the ordinary operating expense of his so-called municipal plant.

It is just a bit surprising that none of these gentlemen possessing superior wisdom touching the operation of electric plants have ever happened by some inadvertence to stumble into the management of a privately owned electric plant.

It is just a bit peculiar too as it strikes me that none of them have ever been able to interest private capital in their remarkable discoveries, but then capital is so blind in these degenerate days that it prefers idleness to profitable investment.

Since private capital will not back the schemes of these "wise ones," resort must be had to public capital—Municipal bond issues.

This sounds reasonable to me. After five years it will be a M. O. (mortgage only) plant sure enough.

R. I. HOLLAND.

Colorado Springs, March 31.

TEACHERS' SALARIES

To the Editor of The Gazette:

I have read with interest the recent articles published regarding the application for an increase in salaries by the grade teachers of this district.

I am interested in this and all other matters connected with the welfare of our public schools because I believe that we have the best system in the country and as good or a better class of teachers than any city of its size and superior to many of our larger cities. I believe that we should endeavor to maintain the high standard which our schools have attained. This I think will be impossible under the present conditions even though it were possible. I do not think it either wise or fair.

I understand that the teachers' salaries are practically the same as those prevailing ten and fifteen years ago. I would ask what other class of salary or wage earners have not enjoyed a substantial raise of their pay during this period. Why has the pay of others been advanced? Because it was both right and necessary. Every commodity has been advanced during the past ten years from 10 per cent to 50 per cent. Nothing has been reduced. One of the very few things which seems to have remained stationary is the salary of our grade teachers.

How can we hope to maintain the high standard of our schools, the prestige they have attained without an effort to reward good service with a just salary? I believe that the increase asked by the teachers will have very little effect in the amount of our taxes.

Even if it does make a small increase I will venture to say that not 5 per cent of the taxpayers who really have the interests of our schools and the future of our country at heart will object to the modest demands of the teachers. I for one desire to add my approval to their petition for something which they should have without asking for it.

THE OPTIMIST.

He stumbled in the dark and shot
Out into empty space
And at the bottom of the stairs
In heap of various shape
He landed on his face.

They picked him up with tender hands
And carried him to bed
And put a bandage on the knee
That had been battered painfully
And bathed his aching head.

He did not bitterly complain
But said in cheerful tones:
Ah what a lucky man am I!
I might have waked the baby by
Emitting foolish groans.

PRE-ELECTION BALLAD

After Bryant—(A Long Time After.)

The over friendly days have come the maddest of the year
With outstretched hand and beaming smile and greetings loud and clear.
Poised in the corner of the street the politician gay
Catches the shabby little man the friend of another day.
He slaps him on the shoulder, grasps his half extended hand
And cries out in a hearty way both dignified and bland—
Why George, old man! haven't seen you for an AGE. You seem to have forgotten where we live lately—why don't you bring your wife around and spend the evening like you used to?"
(rest lost in low murmurs.)

The wife of our new candidate goes calling every day
To meet all our new people in the good old fashioned way.
He dresses not but not showy, not to overawe the poor
She seems a guardian angel as she pauses at the door.
"Oh is this Mrs. Dan Brown? So glad to see you—I have been intending to call for SO long—but you know circumstances—social life—etc. Is this your LOVELY little son? HOW sweet— (rest lost in murmurs.)

The over friendly days have come, the door bell rings again
A very urgent caller would just a moment plead,
To our [illegible] candidate [illegible] this is the card below:
He'll guarantee to SPECIALLY favor our ward you know
"We are just such a man of course you'll vote for him I'm sure."
Until by great exertions they are driven from the door.
If you refuse to see them they will surely call again
Until from sheer exhaustion you'll decide to vote for him.

The over friendly days have come, and what when they are past
And all the fondly smiling ones have gained the goal at last?
We meet My Lady on the street the one who made the call
But with a last year's dress and hat
Why it wouldn't do at all
She coldly glances over us no doubt we spoil the view
Our lovely son runs at our side and he gets slighted too
And what about the shabby man who helped elect a freak?
He never knew him after that he might live on the Peak.
The air up there is said to cause a shortness of the sight
The folks we knew in old Missou why they're forgotten quite
Oh yes we knew the Cum Downs in Kinsley but the old man has gone all to sticks, failed every way no enterprise you know. I believe they've left town—heard some one saying so—forget who twas—m m

The over-friendly days alas we're glad when they have gone
It makes the thoughtful hearted long for some far island home
We trust the true good man will win, we trust but do not vote
We might elect a straw man in a fur lined overcoat.
—A Voter.

REFLECTIONS OF A BACHELOR

From the New York Press.

A man's hand goes into his pocket for charity much more quickly if there is nothing there.

Either a woman is waiting for a husband to marry or for one she has married to come home.

You can tell when a man says he is on a swearoff by the way he is afraid his wife will smell his breath.

A nice thing about squeezing a girl's hand is the way she pretends she thinks you are putting on your overshoes.

A man will work for his wife and give her all his money, but he's not hero enough to crawl out of bed on a cold night to get her more covers.

ORIGIN OF WORD "EXPLOSIVE."

"Explosive" was first used in its modern sense in the first quarter of the nineteenth century. "Explode" in the sense of "blow up" or "go off" is scarcely a century older. Before that people talked of a bull being "exploded" from a gun, the clouds "explode" lightning or a volcano "exploding" lava. But that was very much nearer the word's original sense of driving away with scorn. "Explode," in fact, is literally to clap away, and was a technical word for driving an actor off the stage by contemptuous handclapping. That is the real meaning of an "exploded idea."

It is suspected by the detectives that the persons who made the $173,000 "haul" at the Chicago subtreasury also had a drag.

BANKRUPT'S PETITION FOR DISCHARGE.

In the Matter of Arthur W. Marts, Bankrupt. In Bankruptcy.

To the Honorable Robert E. Lewis, Judge of the District Court of the United States for the District of Colorado.

Arthur W. Marts, late of Florissant, in the county of Teller and state of Colorado, in said district, [illegible] respectfully represents that on the 11th day of December, 1905, last past, he was duly adjudged bankrupt under the acts of congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the court touching his bankruptcy.

WHEREFORE he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankrupt acts, except such debts as are excepted by law from such discharge.

Dated this 19th day of March, A. D. 1907.

ARTHUR W. MARTS, Bankrupt.

ORDER OF NOTICE THEREON.

District of Colorado, ss.

On this 20th day of March, A. D. 1907, on reading the foregoing petition, it is

ORDERED BY THE COURT, that a hearing be had on the same on the 12th day of April, A. D. 1907, before George [illegible], Referee in Bankruptcy of said court, at his office in Colorado Springs, in said district, at 4 o'clock in the afternoon; and that notice thereof be published in the Colorado Springs Gazette, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petitioner should not be granted.

AND IT IS FURTHER ORDERED BY THE COURT, that the referee shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated.

WITNESS, the Honorable Robert E. Lewis, Judge of the said court, and the seal thereof, at the city and county of Denver, in said district, on the 20th day of March, 1907.

(Seal) CHARLES W. BISHOP, Clerk.
By Alexander C. Hitzler, Deputy Clerk.

ELECTION NOTICE.

Notice Is Hereby Given, that pursuant to an Ordinance passed by the City Council of the City of Colorado Springs on the 12th day of March, 1907, and approved by the Acting Mayor of said City on the same day, an election will be held in the City of Colorado Springs on the 2nd day of April, 1907, being the day of general election of officers for said City, for the purpose of submitting to the qualified electors of said city who shall have paid a property tax therein in the year 1906 the question whether the City Council of said city shall incur an indebtedness by issuing the bonds of said City in an amount not exceeding One Hundred and Fifty Thousand Dollars for the purchase or construction of a plant to supply electric light. Such question is submitted under and by virtue of certain provisions of an Act of the General Assembly of the State of Colorado approved April 6th, 1891, and being subdivision 6 of Section [illegible] of 2d volume Mills Annotated Statutes. Each voter desiring to vote for the issuing of said bonds will deposit a ballot with the words printed thereon "For creating a debt by issuing bonds of the City in an amount not exceeding One Hundred and Fifty Thousand Dollars for the purpose of the purchase or construction of a plant to supply electric light;" each voter desiring to vote against the issuing of said bonds will deposit a ballot with the words printed thereon "Against creating a debt by issuing bonds of the City in an amount not exceeding One Hundred and Fifty Thousand Dollars for the purpose of the purchase or construction of a plant to supply electric light."

Dated at Colorado Springs this 15th day of March, 1907.

K. M. MAC MILLAN,
City Clerk.

To the Stockholders of the United States Sugar and Land Company:

You are hereby notified that the regular annual meeting of the stockholders of said Company will be held at the office of the Company, Suite 301 Mining Exchange Building, Colorado Springs, Colorado, on Monday, the 8th day of April, 1907, at eleven o'clock a. m., for the election of a Board of Directors and the transaction of such other business as may properly come before said meeting, including the consideration of a proposition to amend the Articles of Incorporation of said Company so as to increase the capital stock thereof from an authorized capital of [illegible] to an authorized capital of [illegible]; the said increase to consist of $1,500,000 par value of preferred stock and $1,500,000 par value of common stock; the said increased preferred stock to have the same preference as the present preferred stock of the Company.

The transfer books of the Company will be closed at noon on March 29th, 1907, and reopened immediately after the final adjournment of said meeting.

O. H. SHOUP, Secretary.
Colorado Springs, Colo., March 5, 1907.

NOTICE OF ANNUAL MEETING.

Colorado Springs, Colo., February 28, 1907.

Notice is hereby given that the annual meeting of the stockholders of the Work Mining and Milling company will be held at the office of the company, 125 East Pike's Peak avenue, Colorado Springs, Colo., on Monday, April 1, 1907, at 12 o'clock m., for the election of directors for the ensuing year, and for the transaction of such other business as may properly come before said meeting.

Books for the transfer of stock will close March 20, at 3 o'clock p. m., and reopen two days after the final adjournment of the meeting.

ARTHUR [illegible], President.
W. R. WATERTON, Secretary.

ELECTION NOTICE.

Notice Is Hereby Given, that pursuant to an Ordinance passed by the City Council of the City of Colorado Springs on the 12th day of March, 1907, and approved by the Acting Mayor of said City on the same day, an election will be held in the City of Colorado Springs on the 2nd day of April, 1907, being the day of general election of officers for said City, for the purpose of submitting to the voters of said City who are taxpayers under the law the question whether the City Council shall be authorized to purchase or erect electric light works. Such question is submitted under and by virtue of an Act of the General Assembly of the State of Colorado entitled "An Act concerning water works, gas works and electric light works in towns and cities and to repeal all Acts and parts of acts in conflict herewith," approved April 6th, 1891. Each voter approving the purchase or erecting of electric light works will deposit a ballot with the words printed thereon: "For the purchase or erection of electric light works;" each voter disapproving the purchase or erection of electric light works will deposit a ballot with the words printed thereon: "Against the purchase or erection of electric light works."

Dated at Colorado Springs this 15th day of March, 1907.

K. M. MACMILLAN,
City Clerk.

NOTICE TO CONTRACTORS.

Colorado Springs, Colo., March 26, 1907.

Bids will be received by the City Clerk of the City of Colorado Springs until 4 o'clock p. m. of April 5, 1907, for the construction, complete in place, of a concrete arch conduit, with bottom four feet in radius, on Fifteenth street, from Colorado avenue to Grant avenue.

The Municipal League stands for a business administration, the enforcement of all laws, and the separation of politics from city government. If you want your public affairs conducted in that way vote the straight League ticket.

THE BRITISH BREAKFAST

From Derrick's British Report

A distinguished author once described an unripe persimmon as a fine incentive to generosity since we would rather give it to another than eat it ourselves and perhaps the English breakfast may be likened to the early persimmon

Monotony is the keynote of the early meal in a British household. Not but that the food is good and substantial but there is a sameness year in and year out about the dishes that is trying indeed to an American. Here is a list of eatables and drinkables made up from the breakfast menu of ten middle-class English households and ten pure English hotels

Porridge served with sugar and milk ham and eggs, eggs and bacon, grilled ham boiled and poached eggs fried sausages dried fish (herrings or haddocks) dry toast white or brown bread and butter marmalade or jam tea or coffee

The man or woman who has been accustomed to break the fast with wheat cakes and maple syrup followed by grilled bluefish and a juicy porterhouse or pork tenderloin helped out by freshly ground coffee cranberry jelly Virginia bones and a choice of a hundred or more delights in the way of bread and freshly baked cakes sits down to breakfast in England with a sigh

The pope when recently asked about his health said "I need have no fear for I know I have yet six years to live." When some astonishment was expressed as to such a positive prediction he is said to have explained "I was vicar at Tombolo nine years head priest nine years at Solzano nine years canon at Treviso and bishop of Mantua and patriarch of Venice for the same length of time. I have been pope for three years so you see I have six years left to me in which to accomplish my task."

For the first time in twenty years Colorado Springs has had an administration conducted on business principles. Why? Because it is made up largely of men chosen for fitness rather than for political reasons. Isn't this a good kind of government to continue?

AFTER AGRICULTURAL LANDS

Hope Investment Company Organized by Springs Men

Articles of incorporation have been filed by the Hope Investment company of Colorado Springs with the secretary of state in Denver. The company is capitalized at $20 000 and its directors are R P Davie Arthur Perkins and K R Babbitt. The new company which was organized for the purpose of securing certain lands on the western slope of the state for agricultural purposes will begin operations at once

Which do you prefer high taxes and a deficit of $70 000 a year in the City Treasury, or low taxes and a cash balance in the treasury? If you want the first, vote the Republican machine ticket for that is the record the machine made under the Harris administration. If you want the second, vote the Municipal League ticket, for that's the record made by the present nonpartisan administration.

W. H. M'NAMARA ARRESTED

Charged With Stealing Bicycle From George Stevens

On a warrant charging W H McNamara on a charge of stealing a bicycle from George Stevens, Detective Bowen Saturday afternoon captured a man for whom the department has long wanted to fix a definite case.

McNamara it is alleged stole the bicycle at 11 o clock in the morning. Bowen recovered the wheel at 2 o clock that afternoon from Hughes bicycle shop where it had been sold for $8 and arrested McNamara an hour later in Colorado City. The police have had much trouble with the prisoner. He has been accused of stealing various pieces of machinery from sewing machines which he was engaged to repair but has always managed to escape conviction
